ABSTRACT

The tenth annual statistical abstract of higher education in North Carolina covers higher education activities in the state in their quantitative aspect, from simple counts of enrollment and degrees conferred to complex analyses of the flow of student transfers among institutions. The specific areas abstracted include current enrollment, enrollment trends, undergraduate transfers, degrees conferred, faculty, library resources, costs to students, admissions, student financial aid, and student housing. The data presented are useful to planners and decision-makers in the colleges and universities and in state agencies. (JMF)

PREFACE

The University of North Carolina presents the tenth annual Statistical Abstract of Higher Education in North Carolina. This abstract covers the breadth of higher education activities in the State in their quantitative aspect, from simple counts of enrollment and degrees conferred to complex analyses of the flow of student transfers among institutions. This wide range of information, collected and published annually, should be useful to planners and decision-makers in the colleges and universities and in state agencies and to other concerned organizations and individuals. It is hoped that the information will aid in the more effective use of resources allocated to higher education.

The data for the abstract were assembled by the Planning Division of the General Administration of The University of North Carolina from information supplied by the colleges and universities. I especially wish to acknowledge the work of Ms. Linda Balfour of the General Administration staff for her meticulous care in assembling and editing the abstract, and Ms. Ella Oldham and Ms. Joan Hulette for their diligence in preparing and typing the tables. Acknowledgment is also due to assisting officials at the institutions, public and private, for their continuing and wholehearted cooperation. To all, I express my sincere appreciation.

INTRODUCTION

The Statistical Abstract of Higher Education in North Carolina, 1976-77 has been compiled to give a detailed statistical view of higher education in North Carolina. This abstract presents both past and current (1976-77 academic year) information. It is designed to provide legislators, educators, and other interested citizens of North Carolina with a statistical account of higher education in this State. From this abstract, the reader can gain some knowledge about who is being educated, where they are being educated, and the resources supporting their education.

The data reported herein were compiled from a package of forms mailed to the individual institutions by the Planning Division of the General Administration of The University of North Carolina in the summer of 1976 for processing during the 1976-77 academic year. The package contains forms which are designed to satisfy both federal and State data requests (see Appendix A).

The staff of the Planning Division makes every effort to verify the validity and reliability of the data reported by the institutions. The ultimate responsibility for the accuracy of the data, of course, lies with the individual institutions since they originate the reports on which this abstract is based. In certain instances discrepancies may appear to be present, when in reality the data reported may reflect different interpretations of definitions by respondents in different institutions. Wherever possible, these apparent discrepancies are explained by footnotes.

NOTE: All figures are for the academic year. In-state and out-of-state tuition and academic fees are the same for all community colleges and technical institutes. Beginning Fall 1975 the tuition differential between college transfer and technical and vocational students was discontinued. College transfer students are now charged a lower rate for tuition than in previous years which results in the decreases shown above.

[a] Comprehensive charge of $4,250 for tuition, required fees, room, and board.

[b] Comprehensive charge of $2,780 in 1975-76 and $2,930 in 1976-77 for tuition, required fees, room, and board.

NOTE: Figures in parentheses represent the corresponding data for 1975. The allocations shown above were made under the program for State assistance to North Carolina resident undergraduate students attending private colleges and universities in North Carolina, which was established by the General Assembly in 1971. For 1976-77, the allocation made to each institution was determined by multiplying the number of full-time equivalent North Carolina resident undergraduates enrolled there by $200. The funds so allocated were then granted by the institutions to their needy North Carolina resident undergraduates, the amount of each student's grant depending on the extent of his demonstrated financial need.

NOTE: The allocations shown above were made under the program for N.C. Legislative Tuition Grants (NCLTG). The General Assembly appropriated $4,200,000 to be awarded on the basis of $200 to each North Carolinian enrolled in a private college or university on a full-time basis (at least 12 semester hours per term or equivalent thereof). NCLTG awards are paid to institutions for and on behalf of eligible students each term as defined under NCLTG Regulations.

[a] Does not include grants for the Spring Term since all grants are not made until the end of the term.

APPENDIX B

DEFINITIONS OF TERMS

The definitions below are intended to facilitate the better understanding of information presented in this report. These are selected from The University of North Carolina's reporting forms and the U. S. Office of Education's Higher Education General Information Survey forms.

1. ENROLLMENT, unless otherwise noted, refers to the headcount resident-credit enrollment. The resident-credit enrollment includes full-time and part-time students enrolled in courses basic to or creditable to a bachelor's or higher degree. This excludes students in extension, correspondence, adult education, audited courses, short courses, and those enrolled for individual lessons only.

Undergraduate includes students who have not completed a full four-year program or its equivalent and also students in a five-year bachelor's program. This classification includes students in junior and community colleges in programs transferable to four-year institutions.

First Professional includes students who are in a professional school or program (law, medicine, dentistry, theology, etc.) which requires at least two or more academic years of previous college work for entrance.

Graduate includes students who have attained at least one standard bachelor's degree or first professional degree and who are or might be candidates for a master's or doctor's degree.

Entering Freshman includes new students who are not candidates credits prior to the immediately previous summer sessions.

Special/Unclassified includes students who are not candidates for a degree, diploma, certificate, or equivalent award, although taking courses in regular classes with other students. This category includes, for instance, students who cannot be classified by academic level.

Full-Time Student includes students registered for 12 or more credit hours as undergraduates or 9 or more credit hours as graduates.

Part-Time Student includes students registered for less than the required full-time load.

FTE (Full-Time Equivalent) of Part-Time Students

Undergraduates
12 or more credit hours = 1
9 to 12 credit hours = 3/4
6 to 9 credit hours = 1/2
Less than 6 credit hours = 1/4

Graduate Students
9 or more credit hours = 1
6 to 9 credit hours = 3/4
3 to 6 credit hours = 1/2
Less than 3 credit hours = 1/4

In-State Students are those whose legal residence, as determined by the institution, is North Carolina.

Out-of-State Students are those whose legal residence, as determined at the institution, is in a state other than North Carolina or in a foreign country.

2. TRANSFER refers to students transferring to North Carolina institutions who have college credits from other institutions in a previous regular session(s). A former student transferring back to his original institution after attendance at another institution is not classified as a transfer.

3. DEGREES in this report refer to earned degrees conferred (not honorary). Specifically the following degrees are included:

   Bachelor's Degree requires successful completion of at least four but not more than five years of academic work.

   First Professional Degree signifies the completion of the academic requirements for a selected profession, which is based on an educational program requiring at least two academic years of previous college work for entrance and which requires a total of at least six academic years of college work for completion. Examples of first professional degrees are the Doctor of Jurisprudence (J.D.) and Bachelor of Laws (LL.B.), Doctor of Dental Surgery (D.D.S.), and Doctor of Medicine (M.D.) degrees.

   Master's Degree is customarily granted upon successful completion of one (sometimes two) academic years of work beyond the bachelor's degree.

   Doctor's Degree includes such degrees as Doctor of Education, Doctor of Juridical Science (S.J.D.), Doctor of Public Health, and the Doctor of Philosophy in any field.

4. FACULTY refers to the professional personnel employed in colleges and universities who are primarily assigned to resident instruction and departmental or organized research. This does not include other professional personnel in library, auxiliary enterprises, and public service activities.

5. EXTENSION ACTIVITY is defined in this report as any on- or off-campus instructional, research application, or public service activity sponsored by the reporting institution which is in addition to the regular on-campus instructional and research activities provided for the regularly enrolled, on-campus, degree candidate.
